MESSAGE FROM CEO
Strong First Half

The summer heat is on but we delivered a strong first half all round performance in 2022.

N-KOM played an active role at Posidonia 2022.

At this event held in Greece, we held several meetings and discussions with gas and energy players, business partners and potential clients. Also, multiple agreements were signed during Posidonia 2022, underscoring N-KOM's position as the preferred partner for ship repair solutions.

N-KOM also hosted a senior management team from Q-Terminals to a visit of our yard and engaged in discussions about various areas of cooperation that could mutually benefit both businesses and add value to vessels calling at Hamad Port.

Undaunted by the summer heat, N-KOM staff steadfastly focused and displayed their commitment and competence to complete 28 projects in a timely and professional manner that garnered consistent very high customer satisfaction scores.

Concurrently, our compliance to Health, Safety, Environment and Quality standards were verified through two major audits conducted by third party professional auditors. The feedback and outcomes of the respective audit underscored the strong fundamentals, robust systems, processes and practices that we have in place. I am pleased to announce N-KOM has achieved a Five Star grading from its Five Star Occupational Health and Safety Audit conducted by the British Safety Council.

Our staff also displayed their sincere desire to contribute to the health and well-being of the Qatar society at large through their voluntary active participation in the Blood donation campaign held at the yard.

DAMIR GLAVAN
Chief Executive Officer

POSIDONIA 2022

N-KOM actively participated as a premium exhibitor at Posidonia 2022 held in Greece from 6 to 10 June 2022. Our exhibit saw significant visitor turnout, with potential partners expressing interest in collaborating with us on numerous projects.

Multiple agreements were signed during the event with leading global vendors and service partners, underscoring N-KOM's position as the preferred partner for Green Ship Repair Solutions.

Our CEO, Mr. Damir Glavan said: "The growing confidence and interest demonstrated by our clients is a testament to the safe and quality solutions delivered by N-KOM for every single project."

AGREEMENTS & MoUs

N-KOM initiated the establishment of a quality After-Sales Project support service station at our shipyard in the field of Ballast Water Treatment Systems (BWTS).

During Posidonia 2022, we signed agreements and MoUs with a multitude of renowned vendors and held discussions with other potential vendors on relevant partnerships. This further enhances our capability of delivering technical support to all vessels trading in the Gulf Region.

Mr. Georgios Moutzourogeorgos, Chief Commercial and Business Development Officer, N-KOM, and Mr. Vranopoulos, Representative of SunRui Marine Environment Engineering Co., Ltd in Greece signed a Service Outsourcing Agreement, during the event.

Q-TERMINALS SENIOR MANAGEMENT TEAM VISITS N-KOM FACILITY

In June, N-KOM welcomed a delegation from QTerminals, a terminal operating company jointly established by Qatar Ports Management Company (Mwani Qatar) and Qatar Navigation (Milaha).

The Q-Terminals delegation was introduced to N-KOM Management team and provided a comprehensive tour of our yard facilities where they gained first-hand insights about N-KOM's state of the art infrastructure, docking facilities, piping, mechanical, electrical & instrumentation workshops.

N-KOM and Q-Terminals also engaged in discussions about various areas of cooperation that could mutually benefit both businesses and add value to vessels calling at Hamad Port.

RIG REPAIRS AT N-KOM

N-KOM undertook a range of repairs and upgrades on various Rigs, from our new client - Groa (Borr Drilling) and regular clients GMS Endurance (Gulf Marine Services), Milaha Explorer (Milaha Ship Management) & QMS Sentinel (Premier Marine Services). The work scope included general services, wire line unit & mud logger installation, leg extension, main bearing replacement & steel renewal.

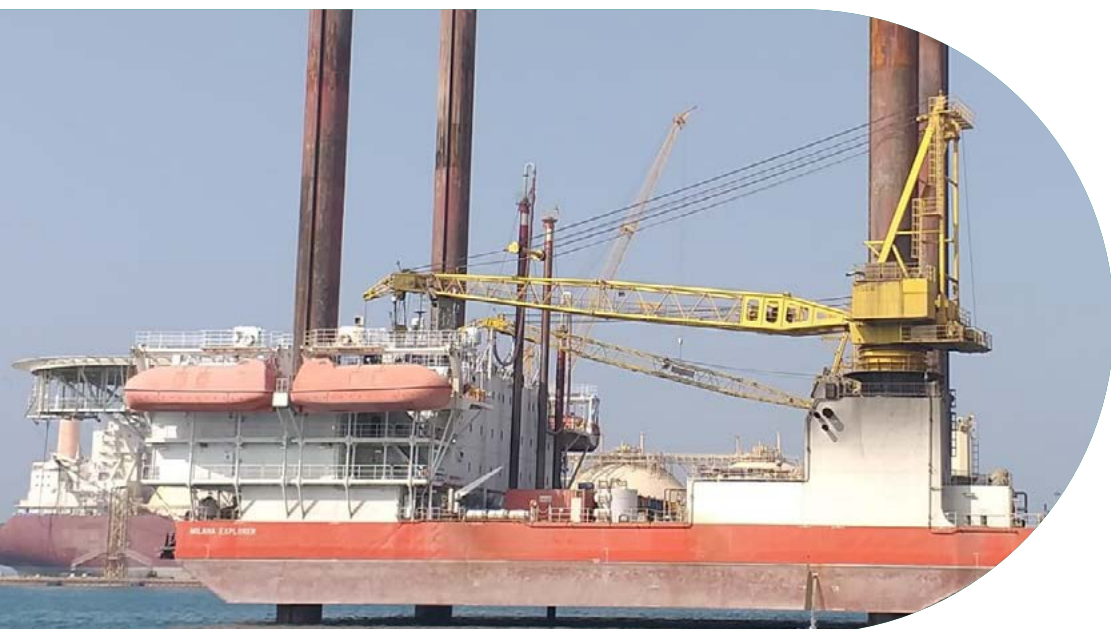

Groa

GMS Endurance

Milaha Explorer

QMS Sentinel

Extract of Customer feedback at the end of the projects:

Overall, work completed was to satisfactory standard.

The key to the overall success of the project and vessel delivery was the relationship, frequent and open communications between N-KOM and project teams; N-KOM has a good setup.

N-KOM SAFETY AND QUALITY SYSTEMS VALIDATED

N-KOM achieves a Five Star grading in the British Safety Council's Five Star Occupational Health and Safety Audit

N-KOM achieved a Five Star grading from its Five Star Occupational Health and Safety Audit conducted by the British Safety Council. Issued on 28 June 2022, we underwent a detailed, quantified and objective evaluation of our occupational health & safety management system.

The audit measured our performance against a number of key safety management indicators and achieved the highest rating. The British Safety Council's Five Star Occupational Health and Safety Audit provides organisations with a worldwide benchmark of their safety management systems against current best practice to enable continual improvement.

Within the revised audit, the British Safety Council has placed a greater emphasis on the organisation's approach to occupational health, employee well being, safety culture, allocation of resources to health and safety and planning for change; all of which are important best practice factors.

Five Star Occupational Health and Safety Audit – Five Stars –

Valid until 27 June 2023

This is to certify that

Nakilat – Keppel Offshore & Marine Ltd

after an extensive evaluation by a British Safety Council auditor, has been awarded a rating of Five Stars.
